

Why Choose Morrifield Greenhouses?

- ▶ 100% committed to our full back up sales and service.
- ▶ Morrifield has been producing premium quality greenhouses for the NZ market since 1980.
- ▶ Tried & Tested in NZ weather for more than 40 years. Quickest assembly guaranteed.
- ▶ Prefabricated covers that fit perfectly and require no clipping.
- ▶ Anodised aluminum frames that don't require frameguard tape fitted.
- ▶ Partially assembled for quick DIY installation.
- ▶ Proudly made in NZ by a small family business.

Morrifield has been producing high quality tunnelhouses for the New Zealand market since 1980. Designed and built in Southland, Morrifield Tunnelhouses extend your growing season and are proven to with-stand New Zealand's harsh weather conditions including snow, hail & high winds.

Prices Effective May 01 2022

morrifield twinwall greenhouses

polycarbonate

We believe at Morrifield that this is New Zealand's strongest green house.

A very attractive model, available in a range of sizes to suit all gardens. Delivered partially assembled for easy installation, the 6mm twinwall sheeting is strong, durable and provides a double glazing effect to better retain heat & extend your growing season. Full length roof vents and mesh doors as standard allow for excellent ventilation. Extremely durable and proven to stand up to New Zealand's strongest winds.

The advantage of Greenhouse growing

- ▶ Promote faster growth.
- ▶ Extend your growing season.
- ▶ Garden in all weather.
- ▶ Satisfaction growing your own vegetables and fruit Gardening is great for the soul.
- ▶ Be more self-sustainable.
- ▶ Homegrown always tastes better.
- ▶ No nasty chemicals on your crops.
